Summary: 01 AU. Five little Chosen Children, before they were chosen.

1. Taichi

The Hikarigaoka Incident was quite shocking

Affecting most of the Chosen Children

In ways you wouldn't believe

The Yagami siblings were the ones most changed

Taichi lost most of his hearing

But things looked up a year later

Taichi decided he wanted to become

A doctor when he grew up

2. Yamato

The fights his parents had affected his personality

To the point where Yamato became physical

When he had his own outbursts

But his diary helped him keep a check on it

3. Jyou

Jyou's father wasn't the nicest person to be around or live with
He used to beat his wife until she decided enough was enough
They had lived in Odaiba at the time
So she gathered Jyou, his belongings and his brother
And moved to Hikarigaoka where she could be away
From her abusive, controlling husband
She left Jyou with her own parents
Taking his brother with her
As she settled down with a nicer man

****A/N**:** For Prompts in Steps 1.08 â€" hereditary; and Adventure section A7: between 50-99 word poem.

4. Takeru

Takeru has no memory of life before the divorce
No memory of the fights, or the crying
No memory even of the Hikarigaoka Incident
He still has his family, but wonders why
They're not together anymore
He still has nightmares, but doesn't know
What they mean

****A/N**:** For Adventure section A2: under 8 lines poem; and Prompts in Steps 1.09 â€" problematic.

5. Mimi

Young, Mimi learned a wide range of languages
She was able to slip into any of them with ease

Without being aware she was doing it
This confused her parents, particularly her father
Who tried to explain he didn't know
What she was saying when she did this
Later, after the Hikarigaoka Incident
The Tachikawa's divorced peacefully
Not wanting to cause any fuss
For their daughter who might've worried anyway
Mimi's mother gave birth to another child
Soon after that, he was Mimi's younger brother
Mimi often saw her brother, who she cooed at and tickled
It was a delight

****A/N****: For Prompts in Steps 1.10 â€" boisterous; and Adventure
